PRESS STATEMENT

LAUNCH OF POLL ELECTIONS, PEACE, SECURITY AND COHESION

Venue: INTERCONTINENTAL HOTEL (LE CHATEAU ROOM)

Date: Sunday, 23rd April 2017

Time: 9.30 a.m. - 10:45 a.m.

Integrated Development Network (IDN) is a Non Governmental Organization focusing on Peace, Cohesion and Security as core objectives.

We are non political and non profit making organization, with a Vision of seeing developed and socially more responsive community at peace with itself and its neighbours. Our Mission is to preserve, strengthen, and promote voluntary action in pursuit of a more just and equitable society.

The formation of IDN was prompted by sad effects of the disputed 2007 general election and its subsequent violent post - election crisis that resulted in social-economic setbacks. It is within this background that the IDN was formed with the express aim of advocating, lobbying, providing information, education, communication, providing capacity and technical assistance in promoting peace, cohesion, and security in Kenya.

The core value of Integrated Development Network in delivering its services is Equity and Fairness as well as commitment and Co-operation.

The Organization is currently involved in a series of Peace Building programmes and activities among them the commissioning of Infotrack to conduct a baseline survey on the perception of Kenyans on matters of Peace, Cohesion and Security during this electioneering period.

We are committed to this course and collectively call upon all Kenyans to shun divisive politics and election malpractices that will degenerate into violence.

Thank you and God Bless.
